

ArtMesh annual license is distributed for work places.

- One license allows one installation on one standalone desktop or workstation on your network.
- The purchase of a License allows you to use the application during the one year license period.
- If you extend your License for another year, you will receive a 35% discount on the annual license price.

A License doesn't allow distribution of ArtMesh modules separately or as a part of any other software.

## **Prices for annual license:**

### **\$62**

The Indie, Hobby & Freelancer license allows Independent artists, freelancers, developers to use application in their modeling/research work. We consider that Indie are the small studios (not more than 10 people).

### **\$32**

Academic license is for students and learning, and allows for non-commercial usage only. Request from university email is required.

### **\$320**

Commercial license for large and medium-size companies.
